To enter in our school

The school and the playground

Hello,

Thank you for your letter! Your school is very big! Ours is a little one with only 5 classrooms and 120 pupils. We have a teacher per class and 4 other persons give some help in the class with the youngest children.

As languages we learn French and English. We also learn Maths, History, Geography and Science. And sometimes we do Sports and Arts as well.

*Hockey (2 classrooms) Outdoor in a stadium*

Only 2 pupils per class are members of class delegates. Our little school council organizes some projects for the school and sometimes proposes new rules of life.

We are willing to exchange with you by e-mail or letter, and talk about our school habits, the life in our city, and the geography or the history of our country. We'll be so happy to do so.

We are looking forward for news from you again.

**Phone : 02 43 76 59 00**
